

# EMPLOYMENT OPPORTUNITIES

## Resource Consultants—Preschool Services

To promote the development of children ages two to six years who have two or more areas of delay and to facilitate their inclusion in community child care placements.

Areas of support include:

- Advocacy
- Team planning
- Child development through goal planning and implementation
- Facilitation of transition to school
- Connection to community resources
- Community inclusion development
- Supports to community child-care settings through consultation and training

### Responsibilities

Assist parents to access appropriate assessments and referrals. Provide general screening for each child and assist the daycare staff to develop appropriate program goals. Negotiate appropriate supports for integration of the child in the child care program and provide, with input from the parents and child care staff, reports and team service plan coordination. Facilitate open and on-going communication between all parties involved with the child's programming. Assist parents to access necessary resources. Adhere to all systems and procedures as required by the agency.

### Requirement

- Early Childhood Education Diploma (ECE)
- Resource Teacher Certificate
- Valid "G" Licence

### Employment Opportunity

Permanent Resource Teacher Position  
30 to 35 hours full-time

### Rate of Pay

Subject to the terms and conditions as they are set out in the Collective Agreement with the Canadian Union of Public Employees
